

Frequently Asked Questions

What Is Community Cash For Schools®?

It is a program that helps participating schools by collecting UPCs from Community® products. These product UPCs can be redeemed for cash that each school can spend at its discretion.

There are no stipulations on how the money is spent. Schools can choose to allocate the money toward new textbooks, computers or even events. This program is entering its 23rd year and to date it has helped participating schools generate over \$4,800,000!

How Much Can My School Earn?

The more UPCs saved and turned in by your school, the more your school can earn. Last year 74 schools earned \$1,000 or more and the highest amount earned was \$6,900.

What Is The Value Of Each UPC?

The value of each UPC is 10¢.

How Can My School Use Its Earned Money?

No one knows what your school needs better than your school. Therefore, we leave it up to each school to decide how to spend the earned money. No strings attached.

Can My CC's Community Coffee House Purchases Count Toward The Program?

Yes! You can help your favorite school every time you use your Coffee House Card to make a purchase from any of our CC's Community Coffee House® locations. All you need to do is:

- Get your Coffee House Card.
- Register it at MyCCsCard.com.
 - Look up your school on the list on the website.
 - Enter your school's 6-digit identification number in the indicated box. After that, every purchase you make with your Coffee House Card will serve as one UPC for your chosen school.

Can My School Participate In The Program?

Community Cash for Schools is open to all state licensed schools from Pre-K through 12th grade.
